# Jury policy

**OCS/BFD HEARINGS**

The person in the best position to observe boards over the line is the race official sighting the line. If the line sighting and board identification are reasonable and proper, and the race committee is confident that the board is correctly identified over the line, it is unlikely that any other witness will have been in a better position.

**TO MAKE A PROTEST**

1. Inform the protestee during or immediately after the incident
2. Inform the race committee at the finishing line.
3. After finish go immediately to the jury (white flag with "JURY") on the beach with the protestee and witness (if any).
